If you want to buy fully verified Coinbase account, we will provide you with all the necessary documents and a fully registered Coinbase account. We are also willing to provide you with continuous support should identity verification be needed again sometime in the future.

As of mid-2017, Coinbase was supporting translations in eight languages and operating in 32 countries, mostly in Europe and North America. However, as our international growth accelerated in 2018, our engineering team began facing technical limitations that would hinder our international strategy, thereby limiting our ability to make crypto accessible to all.

Alternative ways of trading indices While CFDs offer an easy way to trade indices, its worth pointing out that there are other ways to trade indices on eToro. One alternative to trading CFDs is trading exchange-traded funds (ETFs). ETFs are investment funds that are designed to track the performance of a particular index or asset.
