BlockFi BlockFi Interest Account Crypto Interest Payments How does BlockFi Crypto interest work? Published January 16, 2022 Crypto interest begins accruing the day after funds are transferred from the BlockFi Wallet to the BlockFi Interest Account (BIA). Crypto interest is paid out on a monthly basis at the end of the month.

The BlockFi Interest Account (BIA) is an interest-bearing account, which provides market-leading yields to crypto investors who store their crypto at BlockFi. Clients can hold crypto and they will be paid monthly compounding interest! Your interest begins accruing the day after you fund your account, and Interest Payments go out by the last business day of each month.

To pick the best broker for short selling to meet your needs, consider key factors like commissions rates, margin interest, and account types. If you plan to short sell stocks and buy call options to limit risk, thinkorswim or tastyworks will probably be your best bet because both platforms were originally built for options traders.
